SUMMARY

.NET Developer with 1.3 years of experience in developing and maintaining web applications using **ASP.NET**, **C#**, and **SQL Server**. Proficient in **API development**, **source control management** (Git), and debugging processes. A strong team player focused on delivering high-performance and scalable solutions that effectively meet business needs.

EXPERIENCE

Dot Net Developer

WIPRO LTD, Hyderabad

July 2023 - Oct 2024

- **Developed, tested, and maintained web applications** using the ASP.NET framework to meet business requirements.
- **Proficient in utilizing Visual Studio** for application development, debugging, and deployment.
- **Maintained and enhanced applications** on the .NET platform, ensuring optimal performance, stability, and scalability.
- **Upgraded and optimized applications**, resolving bugs and improving functionality to meet evolving business needs.
- **Collaborated with cross-functional teams** to design and implement scalable, maintainable, and high-quality solutions.
- **Refactored existing codebase** to enhance performance, efficiency, and overall system reliability.

PROJECTS

CRM and Invoice Generation. - Telecom Domain

The information from E-shop based on type of customer goes to CRM application. This information is then forwarded to OSS (Operations Support System) where provisioning and activation/deactivation of service takes place.

Personal Projects - <https://github.com/SomeshWorksPlace>.

SKILLS & STRENGTH

- **Participated in software development lifecycle (SDLC)**, including analysis, design, coding, and implementation of applications.
- **Strong understanding of Object-Oriented Programming (OOP) principles**, ensuring modular, scalable, and maintainable code.
- **Proficient in version control systems**, particularly Git, for managing and tracking source code changes.
- **Hands-on experience with API development**, focusing on design choices and functionality for seamless integration.
- Contributed to the design and development of **responsive, user-friendly ASP.NET interfaces**.
- **Followed Agile methodologies**, actively participating in daily stand-ups, providing updates on user stories, and contributing to sprint planning.
- **Gathered and analyzed user requirements** to design and develop effective technical solutions.
- Developed **ASP.NET web applications** using **C# and SQL** for robust database connectivity and management.
- **Experience working with Pervasive SQL** in web-based ASP.NET applications, handling complex data operations efficiently.
- A **collaborative team player** with strong communication, presentation, and reporting skills.
- **Experienced in Agile frameworks**, ensuring continuous delivery, iterative improvement.

EDUCATION

Rajiv Gandhi College of Engineering Research & Technology, Chandrapur

- Bachelor of Engineering

June 2015 - Aug 2019

SKILLS

- **C#**
- **Asp.Net**
- **Manual Testing**
- **SQL Server**
- **API**
- **Version Control**
- **Web Development**
- **ADO.NET**
- **MVC**
